“Esther’s Rambles” was written for dulcimer player Esther Kreek, who inspired many other players. The dulcimer took Esther in unexpected directions and on wonderful journeys. Or maybe it was the other way around. The tune starts with deceptive simplicity but the second part gets twisty. About that Esther says, “You have my number!” “Esther’s Rambles” is on the CD *Dulcimer Boogie* using flute, guitar, and two dulcimers. See also the duet version.
